## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4, 9, 11 and 12 are rejected under 35 U.S.C. 102(b) as being anticipated by US Patent no. 6,109,596 to Garnier.

Garnier discloses a lifting drum 4; a drive 7; at least two bands (21, 22) and the at least two bands wound up on the lifting drum with accurate tracking and so as to lie alternately one on top of the other, the lower ends of the bands are connected to a holding device (6, 19).

### ***Allowable Subject Matter***

Claims 5-8 and 10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Response to Arguments***

Applicant's arguments with respect to claims 1-12 have been considered but are moot in view of the new ground(s) of rejection.
